3	All pupils undertake a careers survey during establishment week in September. This provides rich data that enables us to target support at pupils who will benefit most from the various levels of support available, including but not limited to, participating in external and internal careers events, accessing mentoring provisions, and meeting with a careers advisor.

5	<p>We aim to provide half termly careers assemblies in line with the sectors outlined above.</p>	<p>We aim to provide half termly careers assemblies in line with the sectors outlined above. In addition, approximately 50% of the cohort will take part in a speed networking event in HT4, in which they will meet up to 12 employers.</p>	<p>We aim to provide half termly careers assemblies in line with the sectors outlined above. In addition, over 100 students will participate in the Oldham Changing Horizons event in HT4.</p>	<p>We aim to provide half termly careers assemblies in line with the sectors outlined above. In addition, the majority of students will take part in a speed networking event in HT3, as well as participating in a work experience enrichment week in HT6.</p>	
6	<p>A number of small trips, in line with the sectors outlined above, will take place across the year, targeted at pupils using the data from the careers survey. An optional trip to Kidzania for approximately 150 students in order to experience a variety of hands-on workplace activities.</p>	<p>A number of small trips, in line with the sectors outlined above, will take place across the year, targeted at pupils using the data from the careers survey.</p>	<p>A number of small trips, in line with the sectors outlined above, will take place across the year, targeted at pupils using the data from the careers survey.</p>	<p>A number of small trips, will take place across the year, targeted at pupils using the data from the careers survey. All pupils will take part in a week of work experience enrichment activities, including one more visits to a place of work.</p>	
7		<p>All pupils participate in a visit to a North West university. In addition, local FE providers and GM Higher are invited to attend the options evening, to support pupils in making choices about their future.</p>		<p>All pupils participate in a carousel of FE and HE options, including apprenticeships, during establishment week. In addition, several small group trips are arranged, targeted at pupils who may require additional support in the transition from school to FE and HE. In HT5, the vast majority of pupils will attend a Russell Group university in order to have a first-hand experience of life at university. In HT6 all pupils attend a minimum of two taster days at FE providers.</p>	<p>All pupils participate in a carousel of FE and HE options, including apprenticeships, during establishment week.
