

OA0 Recommended Reading

In order to support independent learning and promote reading for pleasure at home, we have provided a suggested reading list linked to our subjects in the academy. This is available in student planners but we have also provided ISBN numbers should you wish to source a copy for your child to read at home.

In addition, we would like to encourage all of our students to have access to Oldham Library membership. This is a free resource and membership can be applied for online. Please visit: https://www.oldham.gov.uk/info/200280/libraries/543/join_the_library

Once a student has membership they can gain access to thousands of Ebooks and Audiobooks through the app – **BorrowBox**.

To download the app, simply open the app store on your device, search for BorrowBox and download. Once you've installed the app, search for Oldham Libraries in the 'Library' field, and log in using your library membership number and 4-digit PIN.

Reading List:

Key Stage	Faculty	Book Title:	ISBN
KS3	Math	The Boy who loved numbers: The improbable life of Paul Erdos	ISBN/EAN: 9781857028294
