

13<sup>th</sup> September 2023

Dear Parents and Carers

It is with great pleasure that I am able to share our recent Ofsted Monitoring Report with you ([Link](#)). As you are aware we received a Requires Improvement grading at our last full Inspection in March 2022. A monitoring inspection then takes place to check the school is on track against identified areas for improvement.

There are two possible outcomes from a monitoring inspection: -

- Leaders **have made progress** to improve the school, but more work is necessary to become 'good'
- Leaders **have made insufficient progress** to improve the school

I pleased to share the inspection found we are making good progress to improve the school. Some highlights from the report show the great improvements made and I would like to thank the staff for their dedication and commitment and yourselves for the ongoing support as we go from strength to strength.

### **Report Highlights**

*'you have now established a calm and purposeful atmosphere across the school. Many pupils spoke of the positive difference that this has made to their school experience.'*

*'acted swiftly to address the weaknesses in the design and organisation of the curriculum... Subject leaders have made appropriate use of the expertise ... to design an ambitious curriculum for pupils. This curriculum meets the needs of pupils at Oasis Academy Oldham well'.*

*'Subject leaders are supported well by senior leaders to check on how well the curriculum is being delivered'.*

*'You have maintained a sharp focus on supporting those pupils who find reading more difficult... This is helping these pupils to catch up quickly with their peers.'*

*'Leaders are ambitious for pupils with SEND.'*

*'Leaders offer a wide range of support to those pupils who struggle to manage their own behaviour'.*

Above all, I am heartened by the findings and whilst there is still work to do, we are on a positive improvement journey.

Yours sincerely

Mrs M Dillon  
Principal
