Free Online Courses available

Due to government funding in the adult education budget, the AIM group UK (<https://theaimgroup.co.uk/courses>) have several free online Level 2 accredited courses available to staff and parents to help better understand some key issues around young people's mental health and well-being.

Here are some of the most popular subjects available:

Understanding Children and Young Peoples Mental Health (Understand factors which may affect Young Peoples mental health, the impact that they have and how to support them with these issues)

Understanding Autism (learn how individuals process sensory information, understand characteristics, understand conditions, learn how speech, language and communication differ in people with Autism)

Understanding Behaviour That Challenges (supporting positive behaviour, effective communication & how to manage challenging behaviour)

The qualifications need to be completed within in a 10-week window and are completed on a laptop or computer at the learner's home. No exams, end point assessments are involved, the courses are purely Q&A based and are available to you 24/7. You can do as many as you like, however you can just do one at a time.

The only criteria the learner must meet to be eligible, is the following.

Aged 19 or over on or before 31st August 2020. Have lived in the UK/EU for 3+ years.

Not already on a government funded course (Apprenticeship for example)

For anyone interested in a qualification, they would need to follow this link:
